Two upcoming events provide opportunities for undergrads to publicly present their research. If you are involved in mentored research, consider applying to present your work at one or both of these events:

The fourth annual Research in the Capitol will take place in the Iowa Statehouse in Des Moines on March 9, 2009. Twenty students from each of ISU, UNI and UI will be selected to display posters and discuss their

research. Information about the submission process for prospective participants can be found at: <http://www.honors.iastate.edu/current/research.php#capitol>. The submission deadline is Jan. 16.

ISU's Fourth Annual Undergraduate Research Symposium will take place in the Memorial Union on April 21. The Symposium will be a professional-style conference in which students will make oral pre-

sentations at sessions moderated by faculty members. More information about the Symposium and the submission process for prospective participants can be found at: <http://www.undergradresearch.iastate.edu/index.html>. The submission deadline is Feb. 18.
