

## RECEIVE A NATIONAL SCHOLARSHIP!

Have you ever thought about applying for a nationally renowned scholarship?

What does it take to be a Rhodes Scholar? Do you have the experience to earn a Goldwater? Do you have the dedication to be a Truman Fellow? Whatever your major, you may be a strong candidate for some of the nation's distinguished scholarships and fellowships. The competition for these scholarships is enormous, but so are the rewards. If the idea of competing with the

best college students from across the nation is something that appeals to you, join us at the Scholarship Information Fair on **February 19 from 3-5 p.m.** in the Memorial Union Gallery.

There will be a brief presentation about applying for major scholarships at 3:45. Representatives for the major scholarships will be available throughout the fair.

For more information contact Dana Schumacher at [dschumac@iastate.edu](mailto:dschumac@iastate.edu) or 294-4371.

## DON'T MISS THESE OPPORTUNITIES!

### Attend a conference on race

Every year the Office of Multicultural Student Affairs takes a group of students to the National Conference on Race and Ethnicity (NCORE). During the conference they partake in various sessions and learn about different areas in the study of race and ethnicity. The students who go to the conference also take a class in the fall dealing in these topics. During this class they prepare a presentation that they give at the Iowa State Conference on Race and Ethnicity in March.

Students can obtain an application to attend as well as receive more information at <http://www.iscore.iastate.edu/ncore-app.html>. The deadline has been extended, so students can still apply. Contact Richard Barajas at [rbarajas@iastate.edu](mailto:rbarajas@iastate.edu) with questions.

### East-coast research opportunity

The University of Maryland, Col-

lege Park is announcing a summer research opportunity intended for undergraduate students. This program is geared at rising juniors and seniors who are interested in pursuing a doctorate in the social, behavioral and economic sciences immediately following the completion of the bachelor's degree. All students are eligible; those from under-represented populations are highly encouraged to apply.

The upcoming eight-week experience lasts from June 1 to July 24. Events and activities will include lab and research experiences, didactic science lectures, and opportunities for professional development, mentoring and networking.

Accepted students will be provided round-trip airfare, meals, room and board and a \$2,700 stipend. The application deadline is Feb. 13. For more information, visit the program website at <http://www.bsos.umd.edu/diversity/summer-research-initiative.aspx> or email [sri@bsos.umd.edu](mailto:sri@bsos.umd.edu).
