Honors Alumni:

Welcome to the 28th annual University Honors Program Family Book. As always, it has been a great pleasure reading your entries. It’s interesting to see what a varied and accomplished group of people have journeyed through the Honors Program since 1960. We appreciate your continued interest in the Honors Program and its mission.

Listed here are the names and personal information of Honors Program graduates who have given us permission to post their information on the web. The listing of Honors graduates is in alphabetical order, and the women graduates are listed by the names they used when students in the Honors Program.

If your name is not in this book, it is because we did not hear from you in the past two years. The request for your personal information was included in our Summer 2017 Alumni Newsletter. We hope you will complete one in the upcoming 2017 newsletter to bring us up to date.

We hope you enjoy this issue of the Honors Family Book and find that it helps you stay in touch with your Honors friends. And if your travels bring you to Ames, please come by to visit.

**KEYS TO ENTRIES**

We had a number of options to choose from in organizing this book. We finally decided to list people in alphabetical order rather than categorize by college or year of graduation.

This volume of the booklet (#27) lists those individuals who returned the information sheets during 2013-2017. Entries marked by an asterisk (*) are those we received in the ’16-’17 academic year.

For convenience of looking up married women, we have inserted their entries in alphabetical order by the name that they used as undergraduates. Their married names, if different, are in parentheses.

Finally, we did as little editing as possible on the information given to us. What liberties we took were mainly for consistency of style and form.

Other: I chose ISU for specific reasons – a rigorous education, a beautiful campus, the promise of lifelong friends and much more. The Honors Program was in its infancy when I joined the program as a freshman in 1968. I credit the program for nurturing my talents, challenging my abilities and creating opportunities for learning beyond the traditional
classroom. Learn, grow, adopt. My best to all current Honors students and those to follow.

  Employment: Manager for Resource Development, Children Desiring God
  Other: I am very thankful that our resource development team at Children Desiring God is continuing to grow, even during this time of economic challenges. In addition to my full-time production specialist, I now have a full-time graphic designer and two part-time editorial assistants. We have ambitious goals ahead of us, so I’m very grateful for God’s provision of good helpers. And I’m very grateful for His grace as I learn how to manage people in addition to projects, as I continue to serve as the ministry’s primary copyeditor. My husband, Tim, continues to work as both a professional handyman and piano instructor. He’s my Renaissance guy, and I’m always thankful for him as well. Please send me an email if you’re ever in the Twin Cities area. I love to hear from old friends, classmates, and instructors.

Other: The very best employment experience of my life. Working with the Freshman Honors Program was extremely important to me as it offered an offset to my home life. The 18-20 year olds I worked with were the brightest of the bright and at home was my own special needs daughter of the same age. It gave me a glimpse into life at both ends of the spectrum. A bit of what ifs and if onlys. I cherish every memory of all of you who touched my life at the time and since. In Feb. 1992 I received the Friend of Honors Award, capping my experience.

WITTE, DORIS L.  
College: Home Economics  
Advanced Degree: B.A. from Iowa State University  
Employment: HDR Inc. Omaha; Senior Interior designer & Professional Associate  
Other: I have been practicing Interior Design since I graduated from Iowa State in 1976. I have concentrated my design in the Contract field of design working at architectural firms in Omaha. I have been with HDR for over 15 years. I have completed many projects in the healthcare field such as hospitals and clinics. Recent projects include: Faith Regional Health Services, Norfolk NE, Fremont Area Medical Center, Fremont, NE, Sentara Leigh Hospital in Norfolk VA. New York Presbyterian Hospital in NYC and Corporate design such as TD Ameritrade Baseball
Stadium, Omaha World Herald headquarters in Omaha. I am certified NCIDQ and EDAC. I serve as a consultant on new product development for Nora Rubber Flooring North America.

I appreciate that my Advisor at Iowa State promoted my apprenticeship with HDR in 1975. I would not be there today if it were not for her help and contact with HDR. And my ability to take architecture and construction classes through the Honors Program were instrumental in preparing me for my career in contract interior design working with architectural firms.
