Freya Eriksen

Major(s): Animal Ecology

Tamara Ford

Major(s): Biology

Memorable Honors experience:
My favorite Honors experience was the capstone project. I was able to combine the knowledge that I had accumulated throughout my ISU experience and work with some of my favorite professors to make strides towards improving the outlook for those with genetic diseases.

Hannah Garland

Major(s): Horticulture

Post-graduate plans: MS in Agricultural Education at Iowa State University

Memorable Honors experience:
My favorite memory from my time with the Honors Program was being an FHP leader for section C2. I enjoyed getting to know my students and facilitating discussions in a classroom setting. I had a lot of fun going on tours and participating in the FHP retreat

Kaela Gollob

Major(s): Environmental Science, Geology

Post-graduate plans: MS in Hydrogeology at University of Kansas

Caroline Gregg

Major(s): Animal Science

Post-graduate plans: MS in Poultry Science at Auburn University

Shayla Holland

Major(s): Animal Science (Pre-Vet), International Agriculture

Post-graduate plans: Doctorate of Veterinary Medicine at Texas A&M University

Avery Korn

Major(s): Animal Science, Animal Ecology

Caleb Larison

Major(s): Agricultural Engineering, Global Resource Systems

Blake Lineweaver

Major(s): Agronomy, International Agriculture

Memorable Honors experience:
It's not a specific one, but the many lunch chats I've had in the Jischke kitchenette over the years are precious memories for me. These small, seemingly insignificant passings in Jischke and around campus are what ultimately developed my sense of community in Honors. I will always be grateful for this sincere group of folks.

Major(s): Biology

Samantha Reicks

Major(s): Agronomy

Minor(s): Horticulture

Post-graduate plans: Employed in field of study

Memorable Honors experience:
Being a coleader for the FHP students prepared me for so much on my life. I had to manage my time, keep a room of people on task, and make sure everyone was having good time. I never would have gained these skills in other classroom. Thank you, ISU Honors!

Chloe Ryan

Major(s): Animal Science

Post-graduate plans: Doctor of Veterinary Medicine at University of Illinois

Caroline Sabotta

Major(s): Genetics

Minor(s): German LCP

Neel Solanki

Major(s): Horticulture, Biology

Post-graduate plans: PhD in Horticulture and Agronomy at University of California, Davis

Katie Stringer

Major(s): Global Resource Systems

Memorable Honors experience: I lived in an honors cluster of Friley hall for my freshman and sophomore years. Living with like-minded people as I learned to navigate the ins and outs of college was instrumental to my success. Our hall would attend honors events, eat meals together and have movie/game nights in the den. I made many relationships with people I still consider my closest friends and memories I will never forget.

Caroline Treadwell

Major(s): Animal Science, Biology

Post-graduate plans: Doctorate of Veterinary Medicine and MS in Public Health at University of Missouri

Emma Troyer

Major(s): Biology

Post-graduate plans: Doctor of Osteopathy at A.T. Still University

Allison Wallace

Major(s): Animal Science

Post-graduate plans: Doctor of Veterinary Medicine at University of Illinois

Memorable Honors experience: I think my favorite experience was being an FHP leader. I love teaching so being an FHP leader gave me that opportunity very early on in my

and opportunity very early on in my college career. I got to meet so many other honors students through FHP leader training as well, and then got to meet 12 incoming freshman and play a part in their first semester at Iowa State.

Natalie Wertish

Major(s): Genetics

Minor(s): Psychology

Post-graduate plans: Future graduate studies in genetic counseling

Justin Wigdahl

Major(s): Horticulture

Minor(s): Design Studies

Post-graduate plans: Employed in field of study

Memorable Honors experience: Honestly, all of FHP was incredible - as a freshman and as a co-leader! Especially space crunch at the retreat, the whole retreat was great at unifying our section but it was space crunch that really helped us become good friends that semester. Also, getting to meet the 2017 F2 freshman squad for the welcome picnic and then our first 121 class was great. I had waited most of the summer to finally meet them and those moments were the start of a semester full of learning, growth, and adventure!

Elke Windschitl

Major(s): Biology

Memorable Honors experience: My favorite memory in the Honors Program is presenting my Honors project. Many of my friends came in support, and it was great to show them what I had been working so hard on.

Ivy College of Business

Julia Beswick

Major(s): Marketing and Public Relations

Major(s): Accounting

Minor(s): Agricultural Business

Memorable Honors experience: The Comedy College performances. It was such a fun two nights that it barely felt like a final project.

Emma Chizek

Major(s): Supply Chain Management, International Business

Post-graduate plans: Employed in field of study

Memorable Honors experience: My favorite experience in the Honors Program was leading HON 121. It was amazing to have a break from normal coursework twice a week and just have fun teaching our first-year students. HON 121 is such a unique college experience, and it helped me meet so many incredible

Emily Hammer

Major(s): Marketing, Management

Minor(s): Leadership Studies, French, Psychology

Post-graduate plans: Future graduate studies in industrial psychology

Memorable Honors experience: I loved my experience taking two honors seminars with Dr. Stoehr in the same semester back-to-back. They were about human trafficking and feminism in the media, so it was

Minor(s): Financial Counseling and Planning
Post-graduate plans: Work as a registered investment advisor and earn Certified Financial Planner certification

Kristina Swenson

Major(s): Marketing and Management
Minor(s): Health Promotion
Post-graduate plans: Employed in field of study
Memorable Honors experience: Living in the Martin Starbuck North house freshman year! I loved living in an honors house and the community it created

A F M Tahsinuzzaman

Major(s): Accounting
Post-graduate plans: MS in Information Systems
Memorable Honors experience: I remember being very nervous during the Honors orientation as I kept doubting my potentials. But as soon as I saw the Honors medal in the lobby, my nervousness and doubts turned into determination and confidence as I stared at it and said, "You will be mine someday."

Brooklyn Treinen

Major(s): Supply Chain Management, Marketing
Post-graduate plans: Employed in field of study
Memorable Honors experience: My favorite experience throughout the Honors Program was the opportunity to take the Comedy College seminar where we learned inside techniques to becoming a stand up comedian. Giving a stand up routine was one of the most challenging experiences that built my public speaking confidence for my future career.

Vincent Valeriano

Major(s): Marketing

Tianchen Wang

Major(s): Management Information Systems

Mary Azelborn

Major(s): Architecture Professional Degree, Art & Design

Memorable Honors experience:
Living in Anders was always a blast! I have so many great memories from my time there, but I think my favorite is the story of the oven. Some of the other members of the house spent a full year and a half building an oven out of a cabinet they stole from the dumpsters behind Black, and by the end of it, we had cookies! This is despite the fact that Anders had a kitchen with a perfectly functional oven in it. It was hilarious watching the various attempts to make it work and laughing at the failures. I met most of my closest friends while living in Anders, and that community is one of the things I'm going to miss most once I'm gone.

Caroline Fiedler

Major(s): Graphic Design

Minor(s): Advertising

Post-graduate plans: Employed in field of study

Memorable Honors experience:
FHP and everything about it was my favorite memory from Honors. F1 was a super fun group, and I also met a guy... I am still dating that guy almost 4 years later. But the retreat was definitely the most fun part of that first year.

Zoey Lazere

Major(s): Art & Design

Brandon Maxey

Major(s): Architecture

Minor(s): Sustainability

Post-graduate plans: Employed in field of study

Memorable Honors experience:
Living in the honors learning community at Barton Anders (the best house!) was my favorite experience. It was great living with people I felt I could be myself around. My favorite memories with the house were all the shenanigans that would happen--smoothie drinking competitions, bread murals, and house olympics are just a few that come to mind. There was always something fun going on, and I made some great friends that year. Honorable mention: busting my face open during the FHP retreat and having to go to the ER to get some stitches. The scar I have will forever be a memory of a great five years with the Honors Program.

Major(s): Interior Design

Joanna Wachal

Major(s): Interior Design

Minor(s): History

Memorable Honors experience:
My favorite experience from my time in the Honors Program at Iowa State definitely has to be the one-on-one experience that I have gotten to experience during research with a

...member. I have enjoyed getting the opportunity to work closely with someone who focuses on an area of expertise that I am looking in to as a profession, and the relationships that have formed through this experience will be very valuable in the future!

College of Engineering

Sparsh Agarwal

Major(s): Chemical Engineering

Post-graduate plans: Future graduate studies in chemical engineering

Memorable Honors experience: I really enjoyed the seminars that were organized by the Honors Program. My favorite seminar was with Dr. Alexander Stoychev on matrices. The way he taught the seminar was just amazing. Free food definitely helped me fuel up my engineering education, too.

Jessica Bader

Major(s): Computer Engineering, World Languages & Cultures

Emalee Benkufsky

Major(s): Materials Engineering

Minor(s): Computer Science

Post-graduate plans: Employed in field of study

Memorable Honors experience: Looking back at my time in the Honors Program, one of my favorite memories was FHP kickoff. It was a lot of fun to meet the other honors students and enjoy a beautiful day before classes began.

Paige Boor

Major(s): Mechanical Engineering

Post-graduate plans: Employed in field of study

Brian Caskey

Major(s): Aerospace Engineering

Post-graduate plans: Employed in field of study

Joseph Crowley

Major(s): Computer Engineering

Minor(s): Leadership Studies

Post-graduate plans: Employed in field of study

Memorable Honors experience: I got the chance to be the CA of Iowa State's premier honors house, Harwood, and it was the best experience of my four years. Between countless house dinners, late night games of euchre, and a combined 90 hours of radio trivia, I had the chance to meet some of the best and brightest people I know. I'd like to give thanks to all the Harwoodians that made Lyon Hall the best place to live and learn on campus. It's all good in the wood!

Kevin Davis

Major(s): Computer Engineering

Minor(s): Cybersecurity

John Ferguson

Major(s): Software Engineering

Memorable Honors experience:
My favorite experience from the Honors Program was being involved with the First-Year Mentor Program and undergraduate research.

Major(s): Industrial Engineering
Minor(s): Learning Technologies
Post-graduate plans: MS in Educational Technology at Iowa State University

Tyler Pasut
Major(s): Chemical & Biological Engineering

Memorable Honors experience: I loved working on my honors capstone project last semester. Being able to design an interactive exhibit that will be installed for permanent display at the Science Center of Iowa (SCI) was such an awesome way to combine my interests for informal STEM

education, industrial engineering, and robotics, while exploring the field of exhibit design. I remember beta testing early prototypes at SCI and getting to observe as kids would come up and learn how to program the rover purely by using the exhibit, and it was cool to see everything come together.

Major(s): Biological Systems Engineering, Business Administration

Post-graduate plans: Employed in field of study

Luke Schoeberle

Major(s): Computer Engineering, Mathematics, Spanish

Post-graduate plans: Employed in field of study

Memorable Honors experience: My favorite Honors memory was the presentations based on random slides. My friends and I had a great time there since people would make up the most ridiculous stories to explain the slides.

Sam Schreck

Major(s): Civil Engineering

Memorable Honors experience: All the 9:00 AM visits as an honors ambassador with prospective honors students were a blast. Sharing my college and honors experiences with those just beginning their own was incredibly worthwhile. It gave myself a sense of fulfillment to reflect on my past successes and failures in order for others to learn from them. It was also nostalgic to think of all the amazing opportunities that I couldn't have gotten anywhere else.

Dustin Schultz

Major(s): Software Engineering

Minor(s): General Business
