Share Your Research

Two upcoming events offer opportunities for you to gain presentation experience. If you are involved in mentored research, here are two events in which you can share your work:

Research in the Capitol will take place in the Rotunda of the Iowa Statehouse on March 22. Twenty students from each of ISU, UNI and UI will be chosen to display posters and discuss their research, highlighting the importance of undergraduate research to legislators, reporters, and top university administrators. Information about the submission process for prospective participants can be found at: http://www.honors.iastate.edu/HonorsWebPage/current/research.php#capitol

The application deadline is Friday, January 21.

ISU’s 5th annual Symposium on Undergraduate Research and Creative Expression will take place in the Memorial Union on Tuesday, April 19. The Symposium is a professional-style conference in which students make oral presentations supported by PowerPoint at faculty-moderated sessions. More information about the Symposium and the submission process for prospective participants can be found at: http://www.undergradresearch.iastate.edu/symposium/. The application deadline is Wednesday, February 16.
