NATIONALLY-COMPETITIVE SCHOLARSHIP COMPETITIONS BEGIN

Rhodes, Marshall, Truman, Goldwater -- these names belong to a handful of foundations that award the nation’s most prestigious and selective scholarships. Among these awards, opportunities exist for students at all levels, for both undergraduate and post-baccalaureate study, in a broad range of disciplines. These scholarships recognize students of exceptional merit who have established outstanding records of accomplishment in and out of the classroom – records that are the result of effort, talent, initiative and planning. The University Honors Program provides both Honors and non-Honors students with information about these major awards.

Information meetings on a number of national scholarships will be held in the coming weeks. If you are interested in learning more, dig into the National Scholarship web page at http://www.honors.iastate.edu/HonorsWebPage/current/scholarship_intro.php and attend the meetings on those that best fit your history and goals.

SCHOLARSHIP INFORMATION MEETINGS
(Note: you need to attend only one session for those with multiple times):

National Scholarships
Jischke 24-Hour Access
Connecting Threads Exhibit
2nd Half Seminars
Engineering Fair
Scientific Programming Job
George W. Carver Internship

UPCOMING EVENTS

September 12: HSB Ultimate Frisbee, Central Campus
Watch for more information regarding:
Lunch with a Professor
Honors 50th Anniversary Celebrations

JISCHKE HONORS 24-HOUR ACCESS:

One of the perks as a member of the Honors Program is having 24-hour access to the Jischke Honors Bldg. You should currently have access, either programmed onto your ISU ID card or on a separate white access card. Please help us in taking care of our beautiful building and be sure to follow all policies (posted in the lobby and on-line) so that we can continue to offer this privilege. Should you have any questions, please contact Linda in room 2130; at 294-0573; or at lindakay@iastate.edu.
**CONNECTING THREADS: TEXTILES OF WEST AFRICA EXHIBIT**

Come see the Connecting Threads exhibit in the Mary Alice Gallery, 1015 Morrill Hall from 11am-4pm September 9 - October 30, curated by senior Honors student Anna Mullen. The exhibit will open on Wednesday, September 15 with a special educational program called “The student experience: Endeavors in West Africa” from 6-7pm in 2019 Morrill Hall.

For more information please contact (515) 294-7474 or tcmuseum@iastate.edu.

**TOUR THE WORLD: ENGINEERING STUDY & WORK ABROAD FAIR**

Engineering International Programs & Services is hosting “Tour The World” Engineering Study & Work Abroad Fair! Travel to the Howe Hall Atrium on Tuesday, September 7, 5:30 - 7:00pm, to see what international opportunities await ISU engineers. At “Tour The World” you’ll find:

- ISU faculty coordinators, students who have experienced these programs, international exchange students currently studying at ISU, and academic advisors—all happy to answer your questions.
- Free food, fun opportunities, music, and more!

Please visit http://www.eng.iastate.edu/eips for more information on Engineering International Programs.

**GEORGE WASHINGTON CARVER INTERNSHIP**

The World Food Prize Foundation’s George Washinton Carver Internship is unparalleled professional opportunity for students interested in global issues of hunger, poverty, development and food policy. For a select group of undergraduate and graduate students, the program offers an exceptional administrative internship at the World Food Prize Foundation.

Carver interns become an integral part of this internationally renowned organization and interact with government officials, international experts in agriculture and the environment, Nobel and World Food Prize Laureates, leaders in industry and business, and members of local and national media.

For the duration of the program, each Carver Intern is involved in a variety of different projects related to the World Food Prize events, including Nomination and Laureate Research, International Conference Planning and Correspondence, Event Planning and Logistics, Youth and Educational Programming, Media Relations and Production, and Non-Profit Development and Fundraising.

Selection of Carver Interns is based on academic prowess, leadership ability, flexibility and potential. Interns come from a variety of academic disciplines, including the sciences, business and administration, agriculture, foreign languages, political science, and journalism.

Internships are available throughout the year and applications are accepted on a rolling basis. Undergraduate and masters students, as well as recent grads, are encouraged to apply. Internships range from part- to full-time, with a minimum commitment of 12 hours per week. Carver Interns may be eligible for course credit.

To apply for the Carver Internship, mail or e-mail a resume, cover letter, and contact information to the World Food Prize. Qualified applicants will be selected for an interview. Interns will be notified of their acceptance within three business days of the interview. Please see Laurie Fiegel in the Honors Building for an application and details. Currently accepting applications for spring and summer interns.

**2nd HALF SEMINARS**

There is still space available in some of the 2nd Half Honors Seminars! To register, please stop by the office to see what’s currently open and to obtain an add slip. (These seminars would begin the week of October 18th.)

**JOB OPENING**

Student needed for scientific application programming. Open to both graduates (RA) and undergraduates (hourly) 20 hours a week. C++ experience required. The students will gain valuable experience with 3D graphics.

Location is the Center for Non-Destructive Evaluation. A free shuttle provides transportation to and from campus hourly.
