OPPORTUNITIES FOR NATIONALLY COMPETITIVE SCHOLARSHIPS AND FELLOWSHIPS
Honors students—congratulations on your exceptional academic record! We invite you to consider applying for one or more of the prestigious national scholarships and fellowships for which Iowa State students with high-caliber scholastic credentials and records of leadership and engagement may be eligible. Information is provided on the National Scholarships and Fellowships webpage of the University Honors Program: http://www.honors.iastate.edu/current/scholarship_opportunities.php.

These award opportunities range from ones that support study abroad in hundreds of countries worldwide (e.g., Fulbright, NSEP Boren) and ones that provide funds covering research and education expenses while students are still undergraduates (e.g., Goldwater, Udall, Phi Kappa Phi Emerging Scholar) to ones that offer substantial funding to cover the cost of graduate school and associated experiences in the United States or elsewhere (e.g., Marshall, Rhodes, Truman, NSF Graduate Fellowship).

Because of your excellent academic performance, we think that you might want to consider exploring how these opportunities could fit with your interests and goals. While academic merit is certainly a starting point for these programs that recognize and promote excellence, in order to successfully compete for these awards, applicants must have outstanding records of leadership or community service, evidence of intellectual or creative pursuit, a compelling personal statement, clear plans for personal and intellectual development, and strong letters of recommendation from faculty who can confirm the student's past endeavors and promise for future accomplishment.

If you are a Freshman or Sophomore, it's not too early to identify experiences that could help you be competitive in the future. Several of these award programs are open to first or second year students! If you are a Junior or Senior, be sure to contact the appropriate Fellowship Advisor right away, especially if the application deadlines occur in the middle of the junior year or beginning of the senior one. Schedule an appointment to chat with me or one of the other campus contacts for these award programs.

In the University Honors Program office, Laura Merrick functions as a Fellowship Advisor to provide assistance to high ability students—both Honors and non-Honors—who are interested in and potentially competitive for these opportunities. We encourage you to visit the websites for the individual award programs and to schedule an appointment with Laura (294-0172 or lmerrick@iastate.edu) to discuss your options.

WINGSPREAD CONFERENCE
ATTEND A MEETING OF THOUGHTFUL INQUIRY
Wingspread conferences, sponsored by The Johnson Foundation, bring together experts and other individuals who are leaders in the development of policies specific to the conferences. Honors students at Iowa State are among the students from only a dozen other schools around the nation who have special status as Wingspread Fellows and are invited to apply to attend the conferences at no cost to themselves. Students attend as observers to the deliberations, but have plenty of opportunity to interact with the experts on an informal basis. In fact, it is not necessary to be majoring in the area of the conference topic. The Foundation is interested in encouraging students to become educated citizens and, thus, have opened these conferences to any interested student. Wingspread was built in 1939 and designed by Frank Lloyd Wright. Wingspread is located on Wind Point, a peninsula on the western shore of Lake Michigan in Wisconsin. For further information on the conference or facility go to
http://www.johnsonfdn.org/tour.html. Please review the conference listings below and consider becoming a Wingspread Fellow. ALL OF YOUR EXPENSES ARE PAID FOR THE CONFERENCES. Contact Laurie Fiegel, lfiegel@iastate.edu, or 294-4371 about upcoming conferences.

**GETTING INTO JISCHKE AFTER HOURS**

In order to have after-hours access to the Honors Building, see Linda in the Honors Office and sign up for access. You then will be assigned a card. If you already have a university-provided keycard to enter your residence, the Honors Building system will be coded to allow you entrance using that keycard. If you do not have a keycard, you will be issued one that you will be able to pick up at the Honors Program Office. It may be as long as two weeks for the new keycards to be issued or for current keycards to be coded into the system.

You will be granted access to the Honors Building as long as you are a member of the Honors Program in good standing and you must abide by the After Hours Building Use Policy. If you lose your access card there is a $20 replacement fee.

**THE AFTER-HOURS BUILDING-USE POLICY FOR THE JISCHKE HONORS BUILDING!** Three words: USE GOOD JUDGEMENT! *If you need further elaboration, read on:*

These are a few rules and guidelines that all students must follow when using the Honors Building after business hours. These are based on the Building-Use policy, ISU building-use regulations, ISU security regulations, and Jischke Honors Building supervisor policies. In general, after-hours use of the Honors Building is a PRIVILEGE granted by ISU security and the Building Supervisor. This privilege can and has been revoked for student noncompliance of the building policies and guidelines. It is for the benefit of all that these guidelines be followed. HSB, as the Honors student representative body, has the responsibility to make all Honors students aware of these policies and to enforce them. These common-sense rules MUST be followed; by not doing so, you directly jeopardize the privilege of Honors Building use after hours for all students.

---Entrance after hours is by access card only. Card readers are located at the Northeast door and the South door.
---Do not post any signs, flyers, etc. on the walls or woodwork.
---Pick up trash before you leave.
---You may not sleep overnight in the Honors Building.
---Only members in good standing in the Honors Program are allowed in the Honors Building. You may not allow non-honors students into the building after hours.
---NEVER prop an outside door open - it violates the university building-use policy and it sets off an alarm.
---If someone is studying, respect their right to study quietly - that's why the building is here.
---Don't use the phone for lengthy personal conversations. It is for the benefit of all that these guidelines be followed.

NOTE: There is to be no alcohol or illegal drugs in the Honors Building at any time. Violators will be referred to the Dean of Students for disciplinary action.
