

IOWA STATE UNIVERSITY

University Honors Program

Default Question Block

Melampy Research Grant Application

Please fill out this application in its entirety and direct any questions you may have to honors@iastate.edu. Applications must include a letter of support from your project advisor addressing the quality of the proposed research and your ability to complete the project. The letter will be uploaded as part of the application process.

Once you complete this application, a copy will be sent to your project/research advisor requesting their review and approval. Please ask them to watch for the message and respond quickly.

If you are requesting funding for your Honors Project, you may not submit the grant application until the project has been approved by your college's Honors Committee.

Student name (first and last):

Address (street, city, state, zipcode):

Student ISU email:

*You may provide only one email address, and this email must be correct in order for your application to be processed successfully.

College(s):

Classification:

- Freshman
- Sophomore
- Junior
- Senior

Major(s) and minor(s):

Academic advisor name:

Project title:

Is this project part of the First-Year Mentor Program?

- Yes
- No

If this is your honors project, has it been approved by your college's Honors Committee?

- Yes
- No

Planned start date:

Planned end date:

How much time do you expect to spend on the project?

Number of credits or amount of pay you will receive:

Does the project involve the use of human or animal subjects?

- Yes
- No

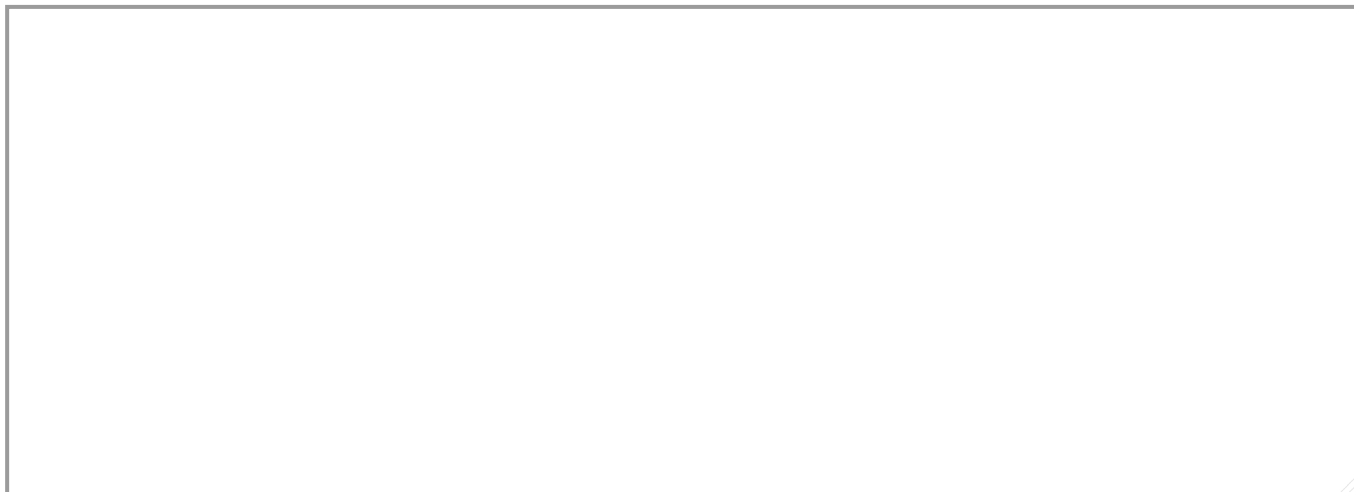

IRB or IACUC Approval #:

IRB or IACUC Approval Date:

What is the relationship of this project to your Honors Program of Study (POS)?

A large, empty rectangular text box with a thin black border, intended for the respondent to provide their answer to the question above.

Please describe recent work, course work, or background information related to this project:

A large, empty rectangular text box with a thin black border, intended for the respondent to provide their answer to the question above.

What will be done to share the value of your project with other students and groups? What will happen to any tangible items produced as a result of the project?

Abstract

The abstract is the most important part of the application. It should be carefully written and well thought-out. It should include:

- The hypothesis or purpose of the project
- A description of the subjects, apparatus, tests, or questionnaires to be used
- Other procedures and methods to be used
- How the data will be collected and analyzed
- Pertinent references
- A statement of what will be done with the results of this project
- A statement of the significance of this project to your discipline and society

Expenses

Please provide a detailed budget, which includes the number and types of items and their estimated cost.

Melampy Grant applicants may request up to \$500.00. This funding may not be used for student wages.

Example:

Item	Cost of Item	Melampy Grant Request	Other Funding Amount	Other Funding Source

10 progesterone ELISA plates @ \$100.00 ea.	\$1,000.00	\$500.00	\$250.00	UHP Grant
---	------------	----------	----------	--------------
